there before.**

About MatesCONNECT

If you've recently been diagnosed with prostate cancer, our MatesCONNECT program can connect you to a trained volunteer who understands what you're going through.

All of our volunteers have been through prostate cancer.

When you call MatesCONNECT, you can ask to speak with a volunteer who knows from first-hand experience what it's like to live with prostate cancer.

You can get practical advice on surgery and treatment, and the side effects of treatment, such as incontinence, erectile dysfunction, and coping with Androgen Deprivation Therapy.

MatesCONNECT

Prostate Cancer
Foundation of Australia

**A free,
confidential
program** to
help you manage
prostate cancer.

**All you need to do
is pick up the phone**

To connect with one of our volunteers,
simply call 1800 22 00 99.

We'll take your details and find
a volunteer who suits your situation.

While our volunteers can't give you medical advice,
they can provide you with an understanding of
what to expect and give you an insight into
living with prostate cancer.
